

## ***What Can I Sell at Auction?***

**The short answer is: nearly anything!** Every day, bidders come to K-BID.com to look for vehicles, trailers, commercial and farm equipment, household goods, tools, construction materials, and more. That said, there are a few items that are prohibited from being sold on K-BID.com, as well as certain types of assets that are less popular on K-BID and may not meet seller expectations for value.

### **Items not accepted by K-BID\*:**

- Drop-down cribs, used car seats
- Alcohol (with rare exceptions)
- Used mattresses
- Pets/non-livestock animals
- Distasteful, offensive or risqué items
- Gold plated “currency”

*\* This is not a comprehensive list. Your Affiliate is responsible for verifying the legality of all assets listed on their auctions.*

### **Items that typically underperform:**

- Clothing, shoes
- Some collectibles (dolls, Beanie Babies, NASCAR)
- Framed art reproductions/prints
- Glassware, including Depression glass
- Entertainment centers, pianos
- 1970s-1990s upholstered furniture
- Garage sale leftovers

**Unsure of an asset's value?** A good exercise is to search through the closed auctions on K-BID.com to see how similar items have performed in the past. Your K-BID Affiliate can also help you evaluate your assets and determine if they'd be a good fit for an auction.
